INFORMATION ABOUT THE SCHOOL

APEEJAY SCHOOL SAKET – AN INTRODUCTION

Apeejay School, Saket completed twenty five years of excellence in the field of education in the year 2013. The school is proud to have gained the reputation of a school that is working towards achieving higher pinnacles of excellence both in scholastic and co-scholastic activities with a resolve to realize the motto of the school- Soaring high is my nature.

The school was also ranked seventh amongst 250 top schools across the country by the “Education World” magazine in an intensely competitive ranking survey undertaken by IMRB International, one of the India’s most respected pioneering research firms that took into account numerous holistic parameters associated with school education. The survey was conducted in the year 2007. The school has received a commendable rating for its academic reputation, co-curricular education, honesty and integrity of the school management.

Apeejay Saket has also been accredited with the British Council International School Award. The school has also been granted a lead school status for South Delhi by the Tony Blair Foundation for the programme Face to Faith.

Curriculum

The dynamic curriculum of the school is continuously enriched and evolved. In Pre-primary and class I, the school has introduced Thematic curriculum to make learning more meaningful and joyful. Emphasis is laid on activity based learning at all levels. At the middle and senior school level, the school follows the curriculum and guidelines prescribed by the Central Board Of Senior Secondary School.

International Collaborative Projects

In the session 2013-14 three collaborative projects in Science and Mathematics were initiated with the schools from United Kingdom. Practicing teachers from United Kingdom visited the school and shared some of the best practices with our teachers and went back enriched with the Indian education system.

The school has also collaborated with William De Kooning Academy of art and design based in Rotterdam and has set up a D-Lab for professional development of the teachers to empower them with new skills through Virtual Learning Community.
INFRASTRUCTURAL FACILITIES

Well Equipped Laboratories:

With the development in the field of science and technology, we facilitate our students with well-equipped laboratories for Biology, Physics, Chemistry, Mathematics and Home Science. Children have an easy access to these facilities under the supervision and expert guidance of the teachers. For the primary section, we have Mobile Laboratories on trolleys.

Library:

The school library is a vast reservoir of books. A wide range of fiction, poetry, prose, philosophical books, magazines and newspapers are available for readers. The school is also the member of the British Council Library and books are issued from BCL on a regular basis.

Computer Education:

The school has well equipped Computer Laboratories with the latest technology based multimedia machines for providing hands on experience to the students from Nursery to class XII. Computer Aided Learning (CAL) is integrated to enrich the teaching learning process. The internet facility enables the students to draw the latest information from global computer networks. Robotics as an activity is a recent introduction in school. This enhances the creativity, imagination, innovation, problem solving skills and team spirit amongst the students along with sharpening their programming skills. To further enhance the understanding and experiential learning of the students, classrooms are equipped with smart boards at the primary, middle and senior level.

Science Park:

It is a cluster of interactive play models installed at one place. These models are based on scientific principles. The concept of the park is to teach science in an informal way with exhibits that cover many topics.

Faculty:

We have a highly qualified teaching staff which not only gives the academic knowledge but also provides child friendly environment for developing a complete human being.
