OTHER INFORMATION

APEEJAY SCHOOL SAKET – AN INTRODUCTION

The school was ranked seventh amongst 250 top schools across the country by the “Education World” magazine in an intensely competitive ranking survey undertaken by IMRB International, one of the India’s most respected pioneering research firms that took into account numerous holistic parameters associated with school education. The survey was conducted in the year 2007. The school has received a commendable rating for its academic reputation, co-curricular education, honesty and integrity of the school management. The School has been accredited with the British Council International School Award. The school has also been granted a lead school status for South Delhi by the Tony Blair Foundation for the programme Face to Faith.

INFRASTRUCTURAL FACILITIES

Well Equipped Laboratories:

With the development in the field of science and technology, we facilitate our students with well equipped laboratories for Biology, Physics, Chemistry, Mathematics and Home Science. Children have an easy access to these facilities under the supervision and expert guidance of the teachers. For the primary section, we have Mobile Laboratories on trolleys.

Library:

The school library is a vast reservoir of books. A wide range of fiction, poetry, prose, philosophical books, magazines and newspapers are available for readers. The school is also the member of the British Council Library and books are issued from BCL on a regular basis.

Computer Education:

We have Computer Laboratories with Pentium based multimedia machines for providing hands on experience to the students from Nursery to class XII. Computer Aided Learning (CAL) packages are specially designed to make learning more interesting, leaving an incredible impression on the students’ minds. The internet facility enables the students to draw the latest information from global computer networks. Robotics as an activity is a recent introduction in school. This enhances the creativity, imagination, innovation, problem solving skills and team spirit amongst the students along with sharpening their programming skills.
Science Park:

It is a cluster of interactive play models installed at one place. These models are based on scientific principles. The concept of the park is to teach science in an informal way with exhibits that cover many topics.

Faculty:

We have a highly qualified teaching staff which not only gives the academic knowledge but also provides child friendly environment for developing a complete human being.

SCHOLASTIC ACHIEVEMENTS
