Dear Parents,

First of all, welcome to the Apeejay Styra family, I also welcome you to the Orientation Programme, further to your ward's admission in our school.

This year, we have no option but to hold an online orientation in wake of the COVID -19 concerns. This is for the health and safety of all of us. We understand the significance of staying connected in these difficult times and we are fully committed to our students and our families. Thanks to technology, at Apeejay we are going on uninterrupted in our pursuit of academic excellence. Our teachers are making dedicated efforts to develop the online learning program and fostering a supportive environment. I would like to add here that constant support and encouragement from the parents plays a pivotal role in all students' achievements.

All our Apeejay Stya Schools, under the aegis of the Apeejay Education Society (AES), have carved out unique identities of excellence and are counted among the best and most prestigious schools in not only their area but in the entire country. AES recently celebrated its 50 glorious years of excellence in education. THEMATIC TEACHING IN APEEJAY SCHOOLS

Apeejay Schools have kept pace with the ever-changing challenges of a global educational scenario and have carved a niche for themselves in the new era of globalization and knowledge convergence.

- Teaching thematically helps children make sense of what they are being taught, since content areas are integrated and not made to stand-alone.
- Students are able to retain more information when it is not presented as isolated facts, but rather as part of a whole.
- Thematic units encourage the involvement of all students through topics relevant to them. Children are able to relate to real-world experiences and build on prior knowledge of a topic.
- Thematic units also help teachers teach to the different learning styles of their students.

At Apeejay, our mission is to create a value based curriculum where we can help our students develop a personality that is :

- **Competitive, without being non-cooperative /violent/aggressive**
- **Progressive, without being intolerant**
- **Prompt, without being impatient**
- **Punctual, without being hurried**
- **Hardworking , without being obsessive**
- **Smart, without being obsessive**
- **Smart, without being insensitive**
- **Scientific, without being mechanical**
- **Individualistic, without being arrogant**
- **Sympathetic, without being weak**

Education is a joint venture between school and home. As we work with our students to help them learn about the world around them through the prescribed curriculum, we very much appreciate the support that parents give their children at home as they strive to reach their learning goals. The foundation of a successful school is the cooperation between the students, staff and parents.
