

APEEJAY SCHOOL OF MANAGEMENT

The ever-dynamic corporate environment has envisioned the B-schools to align with corporate requirements and bring out the novel and prolific capabilities of each individual student. We at Apeejay have accustomed ourselves to transformation of corporate demand and derive our legacy in our roots of trust and relationship with corporate.

This enhanced phenomenon has made us more effective in our jobs to train & make students efficient enough by nurturing them with utmost

domain knowledge & providing them with the right set of attitudes & competencies. We have a well-developed Corporate Resource Cell, which does not leave any stone unturned in grooming & developing the students to make them right fit for the corporate.

Our journey with recruiters have been tremendous and worthwhile as every time they visited our campus we got better by using their inputs. With this, we would like to invite you to the Apeejay Dwarka Campus to recruit our students who will prove to be an asset to your organisation.
