

Apeejay School of Management

The ever-dynamic corporate environment has envisaged the B schools to align with corporate requirements & bring out the novel & prolific capabilities of each individual student. We at Apeejay have accustomed ourselves to transformation of corporate demand & derive our legacy in our roots of trust & relationship with corporate

This enhanced phenomenon has made us more effective in our jobs to train & make students efficient enough by nurturing them with utmost domain knowledge & providing them with the right set of attitudes & competencies. We have a well-developed Corporate Resource Cell, which does not leave any stone unturned in grooming & developing the students to make them right fit for the corporate.

our journey with recruiters have been tremendous & worthwhile as every time they visited our campus, we got better by using their inputs. With this, we would like to invite you to the Apeejay Dwarka Campus to recruit our students who will prove to be an asset to your organization.

Prof. Amit Sareen
