EVENTS

3rd Conference on Innovative Financial Practices and Developments (CIFPD-2016)

The 3rd Conference on Innovative Financial Practices and Developments (CIFPD-2016) was organized on 15th January, 2016. The theme of the conference was ‘Global Financial Perspectives’. The conference provided a platform for detailed and constructive discussions on various domestic and global financial practices and developments. Delegates from different parts of country participated in the conference and presented their research papers. Prof. Alok Saklani, Director, ASM welcomed the guests and wished all the participants a great learning experience in the conference. Prof. Ashok Ogra, Director, AIMC shared the conference perspectives and dwelt on the historical aspects of financial innovation and how gradual reforms led to innovation and financial inclusion. In the inaugural address, Prof. Anand Sharma, Management Development Institute narrated his views on innovative products, processes and institutions. Mr. R. P. Singh delivered keynote address. He emphasized on dynamics of innovations and gave an account of asset securitization in India.

Inter-College Business Quiz

ASM organized an Inter-College Business Quiz on 28 January 2016. Himanshu & Deepanshu from JIMS, Greater Noida won the first prize,
Parthvi & Sudarshna from Maharaja Agarsen College & Motilal Nehru College respectively won the second prize, while Chetan Arora & Harsh Yadav from Banarasi Das Institute of Professional Studies won the third prize. 27 teams from 13 colleges participated in the event. Ms. Sameeksha Sawhney, Ms. Indu Sharma, Ms. Amanpreet Kaur & Mr. Zelzob, first year PGDM program conducted the quiz. Dr Shweta Jha coordinated the event.

Corporate Interface

Under the corporate guest series, a session by Mr. Indranil Roy, Assistant General Manager at Accenture, was conducted on 14th January, 2016. Mr. Roy has past experience of working with organizations such as IBM and GE. His session on 'Extraordinary Productivity' focused on improving individual productivity through the effective use of time and efforts. The session was very interactive and well appreciated by students.
