Principal's Message

The session 2020-21 saw the whole world suffer due to the dreadful pandemic. One of the worst hit sectors has been the education sector. However, even under such unforeseen and unprecedented circumstances, when the world got locked down by the virus, all the Apeejay Institutes geared up to provide quality education to the students. It has been a smooth transition for the Apeejayites from the offline mode of learning to the online mode. I am thankful to our management, our mentors for handholding us during this difficult phase and help us seamlessly carry on with not only the academic rigour but with all aspects of the school, online. This pandemic has helped us innovate the teaching-learning practices, learn to

collaborate, share and have fun in each other's company, but online. I feel proud in saying that we were one of the first schools to begin the online classes and continue it successfully in the district of Charkhi Dadri and Bhiwani. We conducted all the co-curricular activities and added a few more this session. I would fail in my duties if I do not acknowledge the contribution of the Parents in helping us in educating their children.

We therefore selected the theme of परिवर्तन for our Annual Appreciation Day. A glimpse of the programme is given below.

Stay safe and wish you a great academic session ahead.
