MESSAGE FROM THE PRINCIPAL'S DESK

Dear Readers

"Never see what has been done. Only see what remains to be done"

The school year is flying by! As we stand at the threshold of another exciting new session, it is time to savour some precious moments spent with the fabulous team of students, teachers, parents and administrative staff at Apeejay School Panchsheel Park.

As teachers we always ask ourselves whether we have been able to make a difference in the lives of our students. It gives me immense pleasure and pride to be part of this vibrant community who are united with the desire to provide the finest environment for each individual child.

2019-20 with no exception has been an extremely satisfying year where we have taken giant steps in every field. Our students have continued to make us proud by happily bringing together sound academic achievements with spirited co curricular activities. The last quarter in particular had a wealth of programs to enrich student's appreciation of arts, music, physical well-being, science and sports. I would like to thank you for all the appreciation and best wishes that have come my way throughout the quarter. It is also a herald of the pinnacle we hope to achieve in the forthcoming years.

In this time of excitement there was a tinge of sadness as we bid farewell to the batch of class XII. I would like to acknowledge the positive contribution they made to the school and hope the years of guidance and support they received will equip them with skills for their future endeavours and wholeheartedly wish them every success in life. X class students were also showered with blessings and good luck for their Board Examination.

"Let's celebrate the fact that we are, that we exist and then begin the process of enjoying every moment of our lives. Whether at work or at play, in sadness or happiness, alone or in a crowd, let each minute count, fill it with so much of yourself that in every memory lies the essence of yourself."

WELCOME TO THE NEW VICE PRINCIPAL -

Life comes full circle for Ms. Malini Gujral, as she joins her alma mater in the capacity of Vice Principal. She has been associated with teaching for nineteen years and has worked in administrative capacity in various reputed schools including G D Goenka and Amrita Vidyalam.

FIT INDIA MOVEMENT LAUNCHED BY HONOURABLE MR. NARENDRA MODI

"Fitness is essential for your survival and well-being..."

Apeejay School, Panchsheel Park's 700 children of grade 4 - 7 participated in 'FIT INDIA MOVEMENT' launched by Hon'ble Prime Minister Mr. Narendra Modi.

Children witnessed this Live Program in the auditorium of the school. Children were mesmerised as spectators to observe the performance of various sportsmen of different cadre, cultural array of different states and extraordinary performance by children on fitness. Including traditional sports like malkham, rope dance, weapon fight, athletics were demonstrated. Children were very excited to listen to the honourable Prime Minister Mr. Narendra Modi. His words of wisdom for Dhyan Chand Ji, the hockey player who won gold decorations for our country and the National Sports day celebration on his birthday filled everyone's heart with respect.

Principal of school Mrs. Ritu Mehta spoke to the children about the honourable PM's motive and inspired everyone to join hand to make our country a healthy and FIT COUNTRY.

On 30th November 2019 the **Annual Excellence Award Ceremony** held at Apeejay School Panchsheel Park saw more than 300 students receive recognition for their hard-work in academics, co-scholastic, sports and human values. It was a day for celebration, enthusiasm, commitment and effort by honouring those who relentlessly pursued the path to success. The ceremony began with the customary lighting of the ceremonial lamp by the Chief Guest Shri Atul Kumar Thakur, IPS Dy. Commissioner of Police South, New Delhi. The audience that comprised of parents and grandparents were treated to delightful dance performances reflecting the cultural glory of our nation.

The Chief Guest, Shri Atul Kumar Thakur encouraged students to strive towards newer challenges and expand their capacities. He also emphasized on the holistic development of a child where learning must be inclusive of all interests, aptitude and abilities. Looking at the safety of a child he advised children to commute by bus and avoid a ride in scooter. The Principal of Apeejay School, Panchsheel Park, Ms Ritu Mehta asked the children to follow the path laid by the illustrious alumni of the school.

Founder's Day is traditionally a very important day in the school calendar when members of the school community – management, staff, students and friends – meet to revere those who founded the school and who have bequeathed resources to its development. An atmosphere of celebration filled the school when the students and teachers gathered to celebrate the Founder's Day-100th birth anniversary of our chairman Dr. Stya Paul. The day was celebrated with fervour, zest and enthusiasm in the school. The fiesta commenced on a tranquil note with the offering of flowers as tribute to the divine soul followed by the rendition of the mellifluous Bhajans by the senior choir group. Principal Ms. Ritu Mehta addressed the assembly and read the President's message on Founder's Day. She also spoke to the children about the life of Chairman Sir's; his hard work and philosophy of life. A skit was conducted by the Primary Wing children on the life and values of our visionary chairman. Through skit children showcased his life, challenges, hard work and his success story. Three students of middle, secondary and senior secondary school were awarded with DR. STYA PAUL HUMAN VALUES AWARD. The Children were awarded with a cash prize along with certificates. The program culminated with galore of Chairman's favourite bhajans followed by RAMDHUN. Everyone in the school remembered him as a true karmayogi and as an epitome of love.

TEACHERS' WORKSHOPS

'Anyone who stops learning is old, whether 20 or 80, anyone who keeps learning stays young. The greatest thing in life is to keep your mind young.' - **Henry Ford**

Following this motto, Apeejay School, Panchsheel Park, arranges array of workshops for its teachers. These empower teachers with development of latest skills and enable them to keep up with the ever changing scenario of education.

'IBM-CBSEAI K-12 Curriculum' orientation workshop was held by CBSE and IBM on September 11 to 12, 2019. CBSE is working towards building the IBM-AI K-12 Curriculum in collaboration with IBM India, targeting Grade 11 and Grade 12 teachers and students. In this regard this 3 days orientation workshop, held at Springdales School Pusa Road, was attended by: (Principal) Ms. Ritu Mehta and Ms. Mukta Amba. A half-day orientation workshop for Principals was conducted on the significance of AI as an emerging technology and the need to foster an AI-ready and innovation-ready ecosystem for educators and students. A 2½ day teacher training workshop was held to help build foundational skills of Artificial Intelligence (AI) through a customized curriculum, that can enable teachers to guide and mentor students on solving problems and innovating around AI. The participants gained Artificial Intelligence (AI) knowledge and skills through multi-media online resources, as well as hands-on activities and sequencing of learning experiences.

Transformation By Gweep: A workshop Mr. Gagandeep Arora, founder of GWEPP, an eminent motivational speaker, competency trainer and Personality Development Trainer conducted workshop on "TEACHER'S TRANSFORMATION."

The workshop aimed at arriving at the most influential role model for developing students, as teachers are responsible for more than just academic enrichment. A great educator, connects with pupils and reach them on multiple levels, because the best teachers are committed to their students' well-being both inside and outside the classroom. By forging strong relationships, educators are able to affect virtually every aspect of their students' lives, teaching them the important life lessons

that will help them succeed beyond term papers and standardized tests. He motivated teachers to break the barriers and go out of the way to help their students and lead them towards happy and successful life. There were case studies and role plays given to the teachers and they all have participated enthusiastically.

TEACHERS TRANSFORMATION

A workshop by Mr. Gagandeep Arora, founder of GWEPP, an eminent motivational speaker, competency trainer and Personality Development Trainer. In his workshop he told that it's an exaggeration to say that a great teacher can change a student's life. There are an endless amount of great teacher stories that attest to the benefits of a strong relationship between an educator and pupil. The workshop aims at the most influential role models for developing students, teachers are responsible for more than just academic enrichment. A great educator, connects with pupils and reach them on multiple levels, because the best teachers are committed to their students' well-being both inside and outside the classroom. By forging strong relationships, educators are able to affect virtually every aspect of their students' lives, teaching them the important life lessons that will help them succeed beyond term papers and standardized tests. He motivated teachers to break the barriers and go out of the way to help their students and lead them towards happy and successful life. There were case studies and role plays given to the teachers and they all have participated enthusiastically. What a great enriching session!

SPORTS GURU

Sports Guru is a revolutionary first time effort in India, providing a fun 'n' friendly introduction to sports and fitness to children between 15 months and 12 years of age.

Sports Guru program believes in the complete development of the child and therefore uses a lot of stories; music and role play to develop the imagination of the child at the young ages. Coaches of Sports Guru are internally certified and will ensure that each child has a fantabulous time in class. They will get individual equipment in most cases, thus maximising the time child plays in the class.

The child is exposed to the sport, children assess 7 basic skills like gross motor skills, fine motor skills, eye-hand coordination, team skills etc. so that the child gets physically and mentally ready to get better. They help the child understand the importance of a healthy lifestyle early on.

The biggest difference is that your child will gain exposure to over 70 different fun sport and fitness activities, and will become stronger, fitter and smarter.

ABODE OF MEMORIES

A brim of memories locked in cars
I'll forever stay here
For let me catch some stars
Before I vanish into thin air.

As we are about to enter into a new world full of memories and strangers, let us go back in time and reminisce our past. School life commences with us learning the alphabets and playing with objects. As a child, we are often unaware of our surroundings and the challenges we may face in future. Friendship and companionship is a key element in our lives. We begin to value people around us and treat them with respect and humility. Our kind and humble teachers are a constant pillar of support and guidance for us and never fail to motivate us even when we're at our lowest. Dreams of becoming a scientist, doctor, engineer, architect, writer and dancer are realized on the basis of our interests and aptitudes. A second home, a place full of memories for each one of us. We walk on the road to success with failures on the way.

We aspire to become responsible human beings and commit not one, but several mistakes on the path. Time management, sincerity, punctuality, benevolence and reverence are few of the infinite values we inculcate during our highs and lows. With maturity, we form our own identities and find ways of improving our selves. A sense of belongingness develops, we are entwined with each other by the heart and soul. Like magnets, we become inseparable. But just like time, we keep treading on without complaining. Like a brook which starts its journey with rocks and gravels in the way and finally falls into the mighty sea, we also grow from children to adolescents to adults. This is law of the nature, we must carry ourselves ahead and reach our final destination. Just put a smile on your faces and carry on.

With the end of a chapter, sadness and disappointment is expected and that too at a magnificent one. Along the way, we fall, wilt and rise. We learn, we grow and we prosper. Ebbing and falling is essential for growth. Before we dive into a mysterious world full of surprises, let us hold onto the beautiful memories we made. Take a deep breath, and live in the moment. The world out there holds countless adventures and opportunities for us. Believe in yourselves and be the best version of you. Dream of blue skies and sunny hillsides, try to have faith in the universe. As is brings us to the end of one tear- wrecking, happy and heartening experiences of our life, let us all smile and rejoice and laugh together. Tomorrow is waiting, so with hope and faith and smiling faces, we must continue to shine like stars in the gloomy night sky. It is never an ending, just a new beginning.
