

20/2

APEEJAY SCHOOL, PANCHSHEEL PARK
ANNUAL EXAMINATION-(2022-23)

Class : IX
Time: 2 Hrs.

Subject: Computer Science
Marks :50

General Instructions:

1. This Question Paper has 2 Sections A and B
2. All Questions are compulsory.
3. Section A has 10 Objective questions carrying 01 mark each.

Section – A (All questions are compulsory)

- Q1 CPU stands for ____
- | | |
|-----------------------------|----------------------------|
| a) Computer Processing Unit | b) Central Processing Unit |
| c) Common Processing unit | d) Capital Processing Unit |
- Q2. _____ in a computer system is required for storage and subsequent retrieval of instructions and data.
- | | |
|----------|------------------|
| a) text | b) Memory |
| c) space | d) None of these |
- Q3. _____ is the memory within the computer system. It is the memory where the instructions reside for execution
- | | |
|-------------------|---------------------|
| a) Local Memory | b) Main Memory |
| c) Primary Memory | d) Both (b) and (c) |
- Q4. In computer memory 8 bits is called ____
- | | |
|-----------|----------------|
| a) nibble | c) 1 Kilo Byte |
| b) 1 byte | d) 1 bits |
- Q5. SRAM stands for _____
- | | |
|---------------|---------------|
| a) Small RAM | b) Simple RAM |
| c) Static RAM | d) Single RAM |
- Q6. In terms of Flash to convert the object into a symbol using _____
- | | |
|-------|-------|
| a) F8 | b) F6 |
| c) F9 | d) F7 |
- Q7. Dragging the red current frame marker through all the frames of the time line till the last frame Is called _____ .
- | | |
|---------------------|--------------|
| a) Playing | b) Testing |
| c) Both (a) and (b) | d) Scrubbing |
