Dear Parent

*Holidays are the best time of the year,  
Time to shout, clap & Cheer!!!  
Jump about and have lots of fun,  
Enjoy treats in tons and tons!!!  
Plan a trip, go around and explore,  
Be it mountains or the sea shore!!!  
Playing or cycling, whatever you do,  
Museums & mountains can be visited too!!!  
Try cool recipes with your grandparents too,  
Experiments and projects to be done by you!!!*

So here we go flip flopping into the summer vacation with an interesting and innovative list of activities especially designed for you all. This is an integrated project that connects all subjects seamlessly. Kindly guide your child through these activities. Encourage the child to do the activities independently, bit by bit through the summer.

**Activity 1 - A Book is a child's best friend.**

Develop a love for reading and listening to stories. Suggested series of story books for reading:

- Pepper
- Bruno
- Bubbles

Encourage your child to read three or four lettered words from the story book.

Also read any moral story to the child and help him/her in understanding the value of helping and sharing with each other.

Prepare your child to share the same with actions and expressions during story narration session supported by props of characters (using waste material) to be conducted after the vacations .

**Activity 2 - Tell me & I forget, Teach me & I remember  
Involve me & I learn**

Help your child learn the process of growing of a plant by helping him to sow seed/seeds of plants & nurturing them throughout vacation. Help him observe & understand the process.

Let him capture & record it in the form of small movie/sound recording and share his experience with his/her classmates after vacations. Also help them develop their own compost pit to help the environment by reducing waste we send to the landfills. A link for the same is for your reference.

### **Activity 3 - No one is born a great Cook, one learns by doing.**

Cooking with your child is not just about ingredients, recipes and cooking. It's about harnessing their imagination, empowerment and creativity. Indulge your child in fireless cooking of simple recipes like salads/mocktails/shakes/sandwiches etc. and make 'My Recipe Booklet' having clicks of him/her preparing dishes.

### **Activity 4 - Explore, Dream and Discover through Travel.**

When you travel with Child you are giving them ... Experience, exposure and way of life. Encourage your child to develop a travelogue of the locations which you are planning to visit this vacation supported with picture book of new experiences.

### **Activity 5 Talent is like flower, it needs watering.**

Talent hunts serve as a wonderful platform for showcase of talents which otherwise would not have a chance to showcase itself.

Encourage your child to explore their flair for dance, music, magictricks, science experiments, monoacts, playing musical instruments etc.during the vacation. Talent Hunt activity will be organized in the last week of July.

### **Activity 6 Creativity is intelligence having fun.**

Educational benefits of Paper folding (origami) as a tool to get familiar with various subjects is well known.

Encourage your child to learn paper folding for Class origami activity

### **Activity 7 Writing Practice**

Indulge your child in writing practice of letters a - z in cursive, swar & vyanjan in Hindi and counting 1-50 during the vacation in 3 in 1 notebook.

**We wish our little ones a great vacation!**

Enjoy and take care of yourself  
With Love
