## STPs to be upgraded in Faridabad

BIJENDRA AHLAWAT

TRIBUNE NEWS SERVICE

FARIDABAD, OCTOBER 11

As the disposal of untreated industrial and chemical waste into drains continues, the authorities have launched a project to upgrade sewage treatment plants (STPs) here at a cost of Rs 322 crore. Over 450 MLD of waste is generated daily in the city against a treatment capacity of 120 MLD at present.

Sources in the district administration said while almost all untreated waste is dumped underground or into drains, around 100 MLD of waste is generated by industrial units in the city.

They said unsafe disposal had been a prime cause of pollution of underground water and the Yamuna river into which drains release their discharge. They said around 300 manufacturing units here were required to run effluent treatment plants (ETPs) but many of them were not complying with the norms, resulting in illegal discharge of waste.

However, Faridabad Municipal Corporation officials said while the upgrade of two STPs was underway, the third one was functional. With a budget of Rs 332 crore, the upgrade is expected to be done by March 2023, they said

However, Faridabad Municipal Corporation officials said while the upgrade of two STPs was underway, the third one was functional. With a budget of Rs 332 crore, the upgrade is expected to be done by March 2023. The MC has also proposed to hand over the STPs to the Faridabad Metropolitan Development Authority (FMDA).

"While a newly built STP of 7.5 MLD is being handed over to the FMDA, another 30-MLD STP was under construction in Badshahpur village," says Rajiv Sharma, Superintending Engineer, HSVP. "As a Special Task Force carries out checking of the ETPs of the industrial units, offenders are often imposed with environmental compensation penalties," says Smita Kandodia, Regional officer, pollution control department.

TRIBUNE NEWS SERVICE

PALWAL, OCTOBER 11

Cracking a hit-and-run case, the police have arrested three persons who have been charged with murder. The accused include the wife of the victim, who was run over by an SUV on September 28 near a toll plaza on the National Highway-19 in the district.

SP Deepak Gahlawat said the recent death of Gajender Singh, a teacher hailing from Mitrol village, in an accident has been found to be a case of murder, which was committed after a conspiracy was hatched by his wife and her paramour.

In this regard, Rohtash of Mitrol and Deepak of a Srinagar village were nabbed last evening from near Kithwari village. They confessed to have committed the crime. Pushpa, wife of Gajender, has also been arrested. The police said Rohtash, who was known to the couple, had developed illicit relations with Gajender's wife. This had resulted in sour relations between the husband-wife duo.

While two of the accused have been remanded in one-day police remand, the woman has been sent to judicial custody. The fourth accused, who carried out a recce to carry out the plan, is yet to be arrested.

## 68 dengue cases in Ambala, likely to increase

NITISH SHARMA

TRIBUNE NEWS SERVICE

AMBALA, OCTOBER 11

Dengue cases are on a rise in Ambala after over 50 cases have been reported in the district over the past 20 days. So far, 68 cases have been confirmed.

The Health Department believes that nearly 10 to 15 more cases are likely to be confirmed as results of nearly 150 samples are awaited. Last year, a total of 42 dengue cases were reported.

An official in the Health Department says waterlogging in small pockets due to untimely rainfall and unhygienic conditions have led to the breeding of mosquitoes.

Of the 68 confirmed cases, 45 patients have been treated and discharged while the remaining are undergoing treatment. However, no case of malaria has come to light so far.

The Health Department has served notices on 6,670 residents in the Ambala district since July, after dengue larvae were found at their houses during the inspection.

"Results of around 150 samples are awaited and the

number of dengue positive cases may increase further, but the department has been taking all measures to control the spread," Kuldeep Singh, Civil Surgeon, said.

Deputy Civil Surgeon Dr Sanjeev Singla said necessary steps were being taken to check mosquito breeding. The department is creating awareness among people so that they don't allow water to stagnate in their surroundings.

To a query, the Civil Surgeon said: "A 10-year-old boy from the Naraingarh died at PGIMER, Chandigarh, earlier this month, but he had tested negative for dengue."
